PROFESSIONAL SUMMARY

Versatile IT professional with experience spanning software development, project coordination, and technical problem-solving. Demonstrates exceptional adaptability and rapid learning capabilities when working with emerging technologies. Combines strong programming skills with effective project management practices to deliver high-quality digital solutions. I'm a collaborative spirit who finds joy in translating client visions into reality, one perfectly executed commit (and espresso shot) at a time.

TECHNICAL SKILLS

- Programming Languages: JavaScript, Java, Python, SQL
- Frameworks and Libraries: Node.JS, React, Next.js, Tailwind CSS
- Databases: MySQL
- DevOps: GitHub Actions, Git
